Say goodbye to counterfeits.

With your phone, Original HP Verification is now just a scan away.

Mobile Authentication¹ gives you instant verification of Original HP Ink and Toner. Simply scan the QR code on the security label with your smartphone. Don't let counterfeits ruin your prints—make sure you get Original HP every time. For more, visit www.hp.com/apac/nofakes

Our three-tier security system protects you from fraud.

Mobile Authentication
Scan the QR code with your smartphone² to validate as authentic HP.

Security Seal
Tilt the security label front to back and right to left to verify that the holographic ticks and OKs are moving in opposite and the same directions respectively.

Online
To validate, visit hp.com/go/ok and enter the serial number from the label.

¹ The HP Mobile Authentication program is available only with security labels that feature the QR code. HP Mobile Authentication will begin to appear on HP Ink cartridge packaging from August 2011 and HP toner cartridge packaging from December 2011.

² The HP Mobile Authentication QR code may be read with any standard QR code reader or with the reader included with the HP eSupplies app for iPhone® available at the iTunes App Store. HP eSupplies app is currently available in selected Asia Pacific countries only.
